

**Canaport LNG Project  
Canaport Community Environmental Liaison Committee  
(CCELC)**

December Update

**CCELC Christmas Dinner  
10 December 2007, 6-8pm  
Hotel Courtenay Bay**

**Committee & Resource Members Present:**

Stu Armstrong, Carol Armstrong, Kevin O'Brien, Fraser Forsythe, Kristy Hogsden, Roger Hunter, Keith Melvin, Claude McKinnon, Yvonne Perry, Elsie Smith, Carolyn Van der Veen

Following dinner, a short meeting was held. Fraser Forsythe thanked members of the committee for their time and efforts for the CCELC over the past year. He provided an update on activities going on at the site and noted that work at the site would be slowing down for the Christmas holidays from 21 December to 2 January. The minutes of the November meeting were approved as amended; motioned by Claude McKinnon and seconded by Carol Armstrong. Approved minutes will be posted to the Canaport LNG website ([www.canaportlng.com](http://www.canaportlng.com)) and the Fundy Engineering website ([www.fundyeng.com](http://www.fundyeng.com)).

Action Items from the November meeting will be discussed at the next meeting. Due to the working schedule over the holidays at the site, the committee members decided to defer the January meeting. The next CCELC meeting will be held on Monday 11 February 2008 at Red Head United Church.

Carol Armstrong raised concerns about noise on the night of 15 November 2007 from 10:30pm- 1:00am and about the unsafe operation of a Kiewit half ton truck on Red Head Road on 24 November 2007. This vehicle was speeding and driving on the wrong side of the road and almost caused an accident. Fraser Forsythe responded that Gulf Operators were breaking rock for the Administration Buildings, which is located close to Red Head Road and may have caused the noise disturbance. He will speak to the Kiewit Project Manager regarding the unsafe operation of vehicles.

**Next Meeting**

**Monday 11 February 2008  
Red Head United Church Hall, Saint John, N.B.  
6:00 pm**
